St. Francis Borgia Leadership Institute

2019 Summer Leadership Forum

The St. Francis Borgia Leadership Institute is a student leadership development program sponsored by Jesuit High School designed with the threefold purpose of identifying student leaders, offering formation in the virtues of leadership, and fostering collaboration among the different organizations, clubs, and teams within the school community.

PURPOSE: The Leadership Forum will focus on activities designed to help you reflect on your ongoing formation as student leaders in the context of the mission and history of Jesuit High School. This time together will also allow you to collaborate with leaders of your own and other organizations, clubs, and sports team at Jesuit High School. The goal is to learn and practice those distinctively Jesuit qualities of leadership. You will learn about leadership in the three areas of student life, spiritual life, and the life of service. You will also be called to action in implementing what you have learned and experienced in your own lives as well as the school community in the upcoming year.

STUDENT SELECTION: This retreat is open to all current Jesuit 8th – 11th graders. Students from various organizations on campus may receive invites from the Director of Student Activities. Teachers and Coaches are encouraged to directly invite individual students.

SESSIONS: There will be two workshops, one at the end of May and one at the end of July, in order to accommodate as many student schedules as possible. Each workshop will last 2 days. Both will cover the same content. Each workshop will be capped at 60 students.
